EDUCATION

BE — CSE

BATCH 2021-2025

NADAR SARASWATHI COLLEGE OF ENGINEERING AND TECHNOLOGY

PROJECTS

AI-BASED GENERATIVE DESIGN OF HYDRO POWER PLANT

It involves utilizing AI algorithms to automatically explore a wide range of design options and optimize them based on specified criteria such as efficiency, cost-effectiveness, and environmental impact.

Book store using python and django

A bookstore web application developed using Python and Django would offer a user-friendly interface for browsing, searching, and purchasing books online.

Credit card fraud detection

It is a sophisticated system designed to identify and prevent fraudulent transactions conducted using credit or debit cards. It utilizes advanced algorithms, machine learning techniques, and pattern recognition to analyze vast amounts of transaction data in real-time.

SKILLS

Html,Css,Javascript

Bootstrap

C,Java

Database :Sql,Mysql

Problem- solving Ability

ACHIEVEMENTS

Winner of Smart India Hackathon 2023 held at Royal Global University Assam.

Participated in Learnthon conducted by Guvi

CERTIFICATES

Internship at Hazzino Technologies(web development)

Great Learning certificates for Html,Css,Video Editing Basics

Guvi Certificates for Python,Machine learning,Devops,Deep learning

LANGUAGES

Tamil,English,Telugu

HOBBIES

Music,Reading Books
